Part XIII Supplemental Information *(continued)*

future income tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective income tax bases, and operating loss and income tax credit carryforwards. Deferred income tax assets or liabilities are measured using enacted rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred income tax assets and liabilities of a change in rates is recognized in income in the period in which the enactment date occurs. The Corporation is required to establish a valuation allowance for any portion of the deferred tax assets that management believes will not be realized. The Tax Cuts and Jobs Act was passed by Congress on December 20, 2017 and signed by the President of the United States on December 22, 2017. The Act reduces the federal corporate income tax rate to a flat 21% rate effective January 1, 2018.

The accounting policies prescribe when to recognize and how to measure the financial statement effects of income tax positions taken or expected to be taken on its income tax returns. These rules require management to evaluate the likelihood that, upon examination by the relevant taxing jurisdictions, those income tax positions would be sustained. Based on that evaluation, the Corporation only recognizes the maximum benefit of each income tax position that is more than 50% likely of being sustained. To the extent that all or a portion of the benefits of an income tax position are not recognized, a liability would be recognized for the unrecognized benefits, along with any interest and penalties that would result from disallowance of the position. Should any such penalties and interest be incurred, they would be recognized as operating expenses.

Part XIII Supplemental Information *(continued)*

Based on the results of management's evaluation, no liability is recognized in the accompanying consolidated balance sheet for unrecognized income tax positions. Further, no interest or penalties have been accrued or charged to expense as of July 31, 2018 and 2017 or for the years then ended. The Corporation's tax returns are subject to possible examination by the taxing authorities. For federal income tax purposes, the tax returns essentially remain open for possible examination for a period of three years after the respective filing deadlines of those returns.

through Phoebe Putney. The 457(b) plan is an eligible deferred compensation plan that allows one to defer additional dollars towards retirement.

Highlights Include:

- o Not limited by the amounts deferred into the Phoebe 403(b)
- o Plan is subject to annual deferral limits set by the IRS
- o Per IRS regulations, each participant is a general unsecured creditor of the plan sponsor.

Senior Vice Presidents and above and physicians making over \$120,000 are eligible to participate in the 457(b) plan.

Supplemental Executive Retirement Plan (SERP) 457(f):

PPHS relies on an independent compensation committee, independent compensation consultant, surveys, well documented methods and board approval to establish total compensation of the CEO and executive officers.

consistent with the benefit available to employees not impacted by IRS compensation limits on defined benefit plans. The amounts reported as supplemental executive retirement compensation for eligible employees in Schedule J represent credited, but not vested, benefits, and the amounts are available in future periods to the employee subject to continuing employment. PPHS maintains ownership of the funds allocated to each participant until vesting and payment.

For a participant in the SERP prior to 1/1/2017 (a "grandfathered participant"), the first vesting date will occur on the date the participant attains five years of participation under the plan. After the initial vesting date, a grandfathered participant shall have a new vesting date once every 5 years. These additional vesting dates will occur on the 5th anniversary of each vesting date after the initial vesting date. On each vesting date, a grandfathered participant will become 100% vested in an amount equal to the participant's account balance reduced by any pay credits credited to the account for the 2 most recent plan years.

Part III Supplemental Information

Provide the information, explanation, or descriptions required for Part I, lines 1a, 1b, 3, 4a, 4b, 4c, 5a, 5b, 6a, 6b, 7, and 8, and for Part II. Also complete this part for any additional information.

For participants initially participating in the SERP after 12/31/2016, each year's annual pay credit plus subsequent earnings and/or losses will 100% vest on that pay credits' 5th anniversary, provided that the participant remains in the continuous employment throughout the 5-year period for each annual pay credit.

If any eligible participant attains normal retirement age prior to this separation from service, they shall vest in 100% of the account balance.

Once vested, each participant shall receive a distribution of their entire vested amount within a reasonable period not to exceed 2.5 months. This distribution is treated as reportable compensation to the participant and is included in Part II, Column B(iii). Therefore, Part II, Column B(iii) includes prior year SERP deferrals previously reported in Part II, Column C. Any distribution amount included in Part II, Column B(iii) that was previously reported in prior periods as deferred compensation in Part II, Column C is disclosed in Part II, Column F. The following participant vested and received payment of SERP benefits in the 2017 calendar year.
